EDUCATION

Auckland University of Technology — *Bachelor of Computer and Information Sciences*

February 2018 - November 2020

Through the papers at AUT, I have learnt C, Java, PHP, SQL and a bit of Project Management using the Scrum framework.

I graduated in the class of 2020, Majoring in Software Development with an average grade of B+.

Selwyn College — *NCEA Levels 1 to 3*

February 2015 - November 2017

I learnt basic HTML, CSS and Javascript through the school's Digital Technologies course.

I was also given the opportunity to take two Techtorium ICE Courses via the school to learn about computer hardware.

PROJECTS

We Are Us Website — http://54.66.121.53/home

I was in a team of 4 to build an MVP for a service similar to AirBnb but dedicated to healthcare & wellbeing businesses.

My roles:

- **Front-end Developer:** Developed the UI for the web application using ReactJS and Bootstrap.
- **Scrum Master:** Managing the group's progress using the Scrum framework and Trello.
- **Main Tester:** Conducting UI testing as well as unit testing using Jest.

DHF Website UI & Logo — https://projects.invisionapp.com/prototype/DHF-Sketch-ckintx7o1004x2701iyrmwexa

A family acquaintance wished to set up a charity organisation and needed a website. My mum asked me to sketch a logo & website layout for them to get some experience.

SEER Web App — se-evidence-repo.herokuapp.com

A group project where we built a repository based on ScienceDirect for Software Engineering journals and articles. My roles were similar to the We Are Us website with the addition of writing weekly reports.

TECHNICAL SKILLS

C	HTML	JS	CSS
Java	SQL	Git	InVision
Jest	Scrum	PC Hardware	

SOFT SKILLS

Self-motivated Learner

Communication

Teamwork

Project Management

ACHIEVEMENTS

2016 NZ National Champion in Speedcubing – I won the 2016 National Championship in Rubik's Cube solving with an average of 11 seconds.

Most Valuable Player for Selwyn Badminton – Awarded in 2016 and 2017 as I led our school from the bottom of C grade to the B grade finals.

Class Award NCEA Level 3 Statistics – Awarded in 2017 for consistent effort and active contribution to the class.
